- ◆ Practical section

### Authoritative

- ◆ Content follows national guidelines
- ◆ Designed by professional educators
- ◆ Approved by Medical Director

### Quick Renewals

**CERTIFICATES**  
Given on successful completion of test

## A FEW FACTS

- ◆ With CPR you can gain critical time for your loved one until professionals arrive
- ◆ More than 350,000 people are admitted for emergency treatment after a heart attack each year in the United States
- ◆ There are more than 1000 sudden cardiac arrest each day in the United States.
- ◆ The only way to restore a normal heart beat after a sudden cardiac arrest is to use a defibrillator.
- ◆ Automated External Defibrillators (AEDs) are becoming more and more common.

# First Aid for All

## CPR Training AED Training Complete AED Solution

# FIRST AID FOR ALL Training Programs

## CPR Training & AED Training

- ✓ **CONVENIENT:** Complete the training at home, in your office or anywhere. There is no need to waste time travelling and no need to organize time off work.
- ✓ **AUTHORITATIVE:** All content and activities follow national and international guidelines.
- ✓ **SIMPLE TO USE:** Almost no computer skills required: use the mouse, space bar and enter keys. There is almost no need to type.
- ✓ **HIGH QUALITY:** Instruction is designed by educational experts. Teaching and presentations are always thorough and correct.
- ✓ **ACCESSIBLE:** Learn while you are on the plane or in remote areas, anywhere you can take your laptop computer.
- ✓ **BEST PRACTICE:**  
Summary of key points
  - Animations to show key facts
  - Trained first aiders on videos

- Each section has activities to practice
- Interactive Exercises
- Practice questions for the test

## The Facts on AED's

- AED's are medical devices
- To buy an AED you must satisfy federal regulations
- State regulations set training requirements for using an AED
- To purchase an AED, it must be prescribed to you and it must be a part of your medical program
- To buy an AED you must take training which is approved by a medical director

## First Aid For All can provide you with

- ✓ **the AED device**
- ✓ **the prescription to purchase the AED**
- ✓ **the approved training that is required (this includes AED with Adult CPR training)**
- ✓ **renewal reminders**
